No.F.1(10)/DPGS/2018-19/ 4229-4690.

Dated: 27/9/18.

To,

Sub : Financial assistance towards the cost of STP.

Sir,

With a view to overcome the problem of water supply, it has been decided to provide one time financial assistance towards the cost of STP @ Rs.2 Lacs per acre (max.), while the balance, if any, will have to be borne by the concerned RWAs/NGOs. Such installed STP shall get sewage flow from nearest DJB sewer lines, treat the sewage and thereafter convert it into grey water (accepted BOD level) which shall be utilized for horticulture purposes, subject to the following conditions:-

- a. Above financial assistance shall be one time only.
- b. Maintenance of such STP shall be the sole responsibility of RWAs/NGOs concerned.
- c. Hygiene/mosquitoes free ambience around such STPs shall have to be maintained by RWAs/NGOs concerned without any extra financial assistance.
- d. The RWAs/NGOs will be liable of penalty in case the standards prescribed for treatment are not met as per the DPCC/CPCB standards. The operation/ maintenance / safety/ insurance component/ damages etc. will be the responsibility of RWAs in totality, in addition to maintaining quality of treated waste water, as per Government regulations for horticulture purpose.

The financial assistance towards the cost of STP will be over and above the assistance provided for maintenance of parks and gardens.

In view of above, proposals are invited from RWAs/NGOs to obtain financial assistance towards installation of STP in the parks concerned.
